Christmas Tree Lighting

Well proven and hugely successful, the LED Mini Light range is perfect for intensely brilliant seasonal and non seasonal tree display lighting.

Each LED is encased in a silicon gel with a PVC membrane making them weather and damage resistant. The cable is white or black rubber sheathed and the product conforms to the latest EN standards. Colours available are; White, Red, Green, Blue, Warm White and Yellow.

Each string has 100 LED Mini Lights (if one lamp fails the others remain lit) at 10cm spacing and are inter-connectible so strings can be extended.
